INDEPENDENT AUDITOR'S REVIEW REPORT ON INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

To the Shareholders of
Tanmiah Food Company
(A Saudi Joint Stock Company)
Riyadh, Kingdom of Saudi Arabia

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Tanmiah Food Company, a Saudi Joint Stock Company (the "Company") and its subsidiaries (together the "Group") as at 30 September 2025, and the related interim condensed consolidated statement of comprehensive income for the three and nine months period then ended and the interim condensed consolidated statements of changes in equity and cash flows for the nine months period then ended, and other explanatory notes. Management is responsible for the preparation and fair presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard ("IAS") 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" as endorsed in the Kingdom of Saudi Arabia. A review of interim condensed consolidated financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with IAS 34, 'Interim Financial Reporting' that is endorsed in the Kingdom of Saudi Arabia.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (CONTINUED)
FOR THE THREE MONTHS AND NINE MONTHS PERIOD ENDED 30 SEPTEMBER 2025

1. CORPORATE INFORMATION (CONTINUED)

During the period the Company has signed a Memorandum of Understanding (MOU) with Griffith Foods, a global product development and production company specializing in customized food ingredient solutions. The MOU is towards entering into a supply agreement to strengthen product availability and support growth. In addition, the Company will explore establishing a joint venture in Kingdom of Saudi Arabia and enhance halal ingredients production capabilities, including the establishment of a state-of-the-art research and development centre in Kingdom of Saudi Arabia.

2. MATERIAL ACCOUNTING POLICIES

The material accounting policies applied in the preparation of these interim condensed consolidated financial information of the Group are consistent with those of the previous financial year and corresponding interim reporting period.

Basis of preparation

This interim condensed consolidated financial information of the Group has been prepared in compliance with International Accounting Standard 34 - Interim Financial Reporting ("IAS 34") as promulgated by the International Accounting Standards Board ("IASB"), interpretations issued by the International Financial Reporting Interpretations Committee ("IFRIC") as endorsed by Saudi Organization for Chartered and Professional Accountant (SOCPA) and the requirements of the laws and regulations in Saudi Arabia.

This interim condensed consolidated financial information does not include all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the annual consolidated financial statements for the year ended 31 December 2024. IAS 34 states that the interim condensed consolidated financial information is intended to provide an update on the latest complete set of annual financial statements. Hence, IAS 34 requires less disclosure in interim financial information than IFRS requires in annual financial statements.

The Group has elected to present a single interim condensed consolidated statement of comprehensive income and presents its expenses by function.

This interim condensed consolidated financial information has been prepared on a historical cost basis, except for the following material items in the interim condensed consolidated statement of financial position:

- The employee benefit obligation, which is recognised at the present value of future obligations using the Projected Unit Credit Method.
- Biological assets, where fair value is reliably measurable, are measured at fair value.
- Equity investments at fair value through other comprehensive income ("FVOCI") are measured at fair value.

This interim condensed consolidated financial information is presented in Saudi Riyals (SR), which is the functional currency of all the Group entities except for Supreme Food Bahrain (SFB), Gulf Brands Restaurants Management Company (GBRMC), Nola Management Company W.L.L (Nola) and Al Tanmiah for Administration of Restaurants (ATAR). The functional currency SFB and Nola is Bahraini Dinar, GBRMC is Kuwaiti Dinar and ATAR is Qatari Riyal. The presentation currency of the Group is SR. This interim condensed consolidated financial information has been rounded-off to nearest SR, unless otherwise stated.

The activities of the Group are evenly spread throughout the year, therefore there is no seasonal or cyclical changes that affect the Group's operations.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (CONTINUED)
FOR THE THREE MONTHS AND NINE MONTHS PERIOD ENDED 30 SEPTEMBER 2025

3. APPLICATION OF NEW AND REVISED INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRSs)

New and amended standards adopted by the Group

The accounting policies adopted in the preparation of the interim condensed consolidated financial information are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2024, except for the adoption of new standards, interpretations and amendments as of 1 January 2025. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

The following amendment applies for the first time in 2025, but do not have an impact on the interim condensed consolidated financial information of the Group:

- Amendments to IAS 21 The Effects of Changes in Foreign Exchange Rates titled Lack of Exchangeability - effective from 1 January 2025.

There has been no material impact on the interim condensed consolidated financial information of the Group upon adoption of the above amended standards. There are no other amendments or interpretations which are effective from 1 January 2025 that have a material effect on the Group's interim condensed consolidated financial information.

4. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS

Preparation of the Group's interim condensed consolidated financial information requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities and accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period were the same as those described in the latest annual consolidated financial statements. The Group based its assumptions and estimates on parameters available when the condensed consolidated interim financial information was prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group.

5. PROPERTY, PLANT AND EQUIPMENT

	30 September 2025 SR (Unaudited)	31 December 2024 SR (Audited)
Net book value at the beginning of the period / year	777,219,725	525,170,688

Hatchery eggs	20,222,967	42,894,560
	189,477,769	195,141,340

As at 30 September 2025, the Group had 17.3 million broiler birds (31 December 2024: 18 million broiler birds). Further, 132.2 million broiler birds were slaughtered during the period ended 30 September 2025 (period ended 30 September 2024: 117.7 million broiler birds were slaughtered).

As at 30 September 2025 the Group had 2.54 million breeder birds and 18.2 million hatchery eggs (31 December 2024: 2.4 million breeder birds and 30.5 million hatchery eggs).

The fair value measurements for the broiler birds and hatchery eggs have been categorised as Level 3 in the fair value hierarchy based on the inputs to the valuation techniques used. Valuation techniques and significant unobservable inputs used for valuation of biological assets are as below:

Biological assets	Valuation technique	Significant unobservable inputs	Inter-relationship between key unobservable inputs and fair value measurement
Live broiler birds	The valuation model considers the average weight of bird, mortality and the estimated selling price less cost to sell including the additional cost required to bring the birds as ready to sell (i.e. feed cost, medicines and overheads).	- Mortality of birds - Average weight of birds. - Processing loss. - Sales price of fully-grown bird less cost to sell.	The estimated fair value would increase/ (decrease) if: -Mortality was lower/ (higher). -Average weight of birds higher/ (lower). -Processing loss was lower/ (higher). -Selling price of fully-grown bird less cost to sell was higher/ (lower).
Hatchery eggs	The valuation model considers the hatchability and actual selling price less cost to sell including the additional cost required to bring the eggs as ready to sell (i.e. overhead and vaccine cost).	- Hatchability of the eggs.	The estimated fair value would increase/ (decrease) if the hatchability was higher/ (lower).
